

INDIA 2012

Bal Bharati Public School, INDIA

It was short but sweet! The visiting delegation from Bal Bharati Public School in India visited us for only 9 days, 6 of which were during school time and 2 were taken up by excursions. But even the short time we had together proved to be very educational.

We exchanged information about the way we live our daily lives in our respective countries and learned about the many differences as well as similarities. Our visitors were treated to some exciting excursions and were introduced to very Australian things such as songs, dances, sports and foods. Solid friendships have been made and we hope they will be a long lasting experience.

Thank you again to our lovely host families. Without them this program would not be so successful.

We now look forward to sending our Mount View PS delegation to India to complete the exchange partnership. More information about that in the next newsletter!
